Advance-Nilfisk Parts - Imagine how long and tedious it would really be to clean-up after a party, with out help from equipment. Not too long ago, the dirt from upholstery and carpets had to be beat out of them manually; brooms, brushes and cleaning cloths were the leading cleaning products back then.

The man who established Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who liked to work on electrical motors. After founding his business in the year 1906, he began to produce motors to drive machine tools, drills, coffee grinders and fans. Mr. Fisker's dream from the start was to have an international business marketing goods worldwide.

The Nilfisk C1 was a tremendous breakthrough for the cleaning business. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and could be operated by a single individual. This creation came in a time where many cleaning machines were massive and needed 4 or more operators, therefore, the Nilfisk C1 changed everything and developed the manner we clean forever. The brain behind these very first cleaning equipment remains unparalleled. Cleaning equipment offer an excellent solution to an ongoing problem; things get dirty and should be cleaned regularly, without too much effort.

Slowly but steadily, Nilfisk-Advance developed throughout the years. In the nineteen eighties, this development really took place the time the company became a part of the NKT Group. Their new owners' determination and focus made Nilfisk-Advance take a huge leap ahead within the industry, trying to be amongst the largest global players in the market of professional cleaning machines. Nilfisk-Advance is now located in every part of the globe due to gradually obtaining a lot of small companies in order to develop their product portfolio and presence in new markets. They are proud to present various cleaning solutions to fit every need.
