

Concrete Hopper

Concrete Hopper - This particular accessory is a self-dumping hopper that automatically starts to unload whenever bumper release touches the side of a dumpster. Once unloading is done, the hopper goes back to an upright and locked position. This particular piece of equipment even comes with a cable which allows operation from the seat of the lift truck to be able to have the choice of manually unloading the hopper. There is a locking chain provided in order to lock the hopper to the fork truck. This product is constructed with reliable and consistent robotic welds for maximum strength. The forklift dumping hopper also has a blue powder coat finish in order to maintain durability.
