

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each and every international trade. Transporting industrial goods takes place every day on our busy planet. Originally innovated as industrial vehicles during the 1930s in the U.S., forklifts gained popularity following World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these equipment spread worldwide.

In the year 1949, started by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Now the business is simply known as TCM Corporation. Throughout the years, TCM lift trucks have become an international leader in lift truck manufacturing and have built a solid reputation in the business. TCM started building lift truck manufacturing sites outside of Japan in the 1980s and is currently engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

With over fifty years of accumulated expertise and technology, TCM has been proudly manufacturing numerous models of industrial lift trucks, making their models known all around the world. With a strong and energetic employees, TCM has been able to continually work towards becoming a future leading material handling business.
